From the desk of Crystal:

What a beautiful spring we are having! In addition to the gorgeous weather, we are blessed with the blooming of flowers and the overall "greening" of our community. New flowers have been planted around the community and we continue working with our landscaping company to ensure a delightful outdoor setting. Indoors, we are currently deep into our annual spring cleaning project. This year, we began our spring cleaning project in the Assisted Living, which went very well.

Another tradition, our annual Mother's Day Luncheon, is fast approaching. On Saturday, May 7, at 12:00 p.m., our Health Care and Assisted Living Residents will enjoy lunch in the Windsor Dining Room. Residents of Memory Support will also enjoy this special meal in their dining room to promote continuity with their daily routine. Families are more than welcome to join. If you would like to purchase a guest meal and enjoy this special luncheon with your loved one, please contact the concierge.

At this point, most of you are already aware of the gate project. The overall goal of this project is to make our community more secure. The gate additions and moves on the property will help restrict access by the public, and only people with authorized tags on their vehicles will be able to enter the gates. If you were unable to attend one of the meetings where the project was discussed in depth, and would like more information, please contact me or Julie Fenske, Executive Director.

We are searching diligently for a full-time Health Care Administrator and Director of Nurses for The Plaza. Julie and I have interviewed numerous candidates, and are excited by some of the talented individuals that we have met. We are dedicated to finding the best person for each position, so that we are not repeating this search for a long, long time. I hope to have good news for you soon!

Thank you for allowing us to be part of your lives. We appreciate the opportunity to serve you.
